

Gnapan RV

Driving Innovation and Delivering Exceptional Results

Hello,
I'm Gnapan, I am a Enthusiastic 2024 Computer Science graduate from Cambridge institute of technology, North campus. With my skills and knowledge in C#, JAVA,PYTHON HTML, CSS, UNITY Engine,ASP.NET CORE framework, dataentity frameworks, importantly Googleing and with experience in freelance projects. I am confident that I am able to face any challenge and solve any problem arises in any situation. And my hard determined way of working and easily adapatable to work environment will never let me down , With this I can say that I can be a Asset of Organization.
